The River Central Comprehensive Plan team would like to invite your participation in an Emergency Services round table discussion as part of an outreach program to gather your thoughts and opinions. Participants will have the opportunity to:

- Provide input about services and needs related to emergency services and response
- Discuss problems or concerns impacting responders
- Help shape the future of the area through the Multi-municipal Plan!

Feedback from the discussion will be incorporated into the River Central Multi-Municipal Comprehensive Plan, which enables East Allen and Hanover (Lehigh County) townships and Catasauqua, North Catasauqua and Northampton boroughs to shape their collective vision for the future.

Please contact Lehigh Valley Planning Commission at [jseitz@lvpc.org](mailto:jseitz@lvpc.org) or (610) 264-4544 if you have any questions. Visit [www.planrivercentral.org](http://www.planrivercentral.org) for more information about the comprehensive plan.

We look forward to seeing you soon!
